**PACK MANUFACTURING
 COMPANY
 PROSPECTOR FILLER™
 PREMIUM POT & TRAY FILLER
 WITH INTEGRATED DRILL**

The Pack Manufacturing Prospector Filler™ with Integrated Potting Drill is made to be a single machine for all your filling operations. Every aspect of the Pack Manufacturing Prospector Filler™ has been fine-tuned to cut costs and increase user production. The Prospector Filler™ is a low profile, compact filler with a 1 cubic yard hopper, reversible variable speed filling conveyor and soil feed, powered takeoff, powered pot brush, sweep, and includes an integrated potting drill. The Prospector Filler™ hosts an easily operated touchscreen controller for quick setup and easy operation. The touchscreen displays the current number of pots drilled to track the number filled. The Prospector Filler™ allows users to store setup parameters for fast and convenient transitions between containers with a standard 10 storage configurations. Simply select the setup configuration for the product you are running from the touchscreen control and begin production. With the included integrated drill assembly, this premium machine also makes a very economical solution- this is the only machine you need for a perfect fill with every container. The easy to use touchscreen gives you full control over all your operations. All features can easily be toggled on and off with the push of a button, and setup has never been quicker. The Pack Manufacturing Prospector Filler™ can be fitted with multiple drill sizes from 1.5” to 12” widths.

	CONV SPEED	SOIL SPEED	DRILL SPEED	POT HEIGHT	HOLE DEPTH	DRILL DELAY	
PRODUCT 1 1G Daisy	85.50%	65.00%	100.00%	8.00"	4.00"	0.000 SEC	LOAD
PRODUCT 2 3G Emerald Green	95.00%	84.00%	100.00%	9.10"	6.00"	0.250 SEC	LOAD
