

Pack Manufacturing Company
1 YARD MIXER COMBO

Pack Manufacturing Batch Mixers are a world-renowned symbol of quality and performance. From humble beginnings, Pack Manufacturing Batch Mixers are now employed in numerous industries as a work horse for blending. Our heavy-duty spiral Batch Mixers deliver fast and uniform blending of all standard substrate and soilless growing medias in just 3 to 5 minutes. Built for a long life with absolute minimal maintenance, our Batch Mixers provide growers with numerous benefits in quality, production, and efficiency. Pack Manufacturing Mixer Combos come equipped with an integrated folding incline feed-out conveyor. Five feet of conveyor space allows you to feed automated equipment or potting lines directly from the mixer. Foot pedal options and custom chutes allow users to fill directly from the mixer.
