

**PACK MANUFACTURING COMPANY
2 CUBIC YARD COMBO W/ INTEGRATED
CONVEYOR**

Pack Manufacturing Co.'s Yard Batch Mixer Combo. Shown with optional custom chute and 8" heavy-duty casters.

The Pack Manufacturing Company's Two Cubic Yard Batch Mixer Combo with Integrated Conveyor provides growers with the capacity to blend extremely large quantities of soil in just a matter of minutes. The integrated soil conveyor allows for fast delivery of blended media for a number of different applications. The Four Yard Mixer Combo comes equipped with an 18" wide, 7' long flat conveyor and provides a very versatile solution to blending custom soil mixes for high volume growers or soil companies needing to quickly deliver media. Pack Manufacturing Mixers are available with a range of different options to cater your equipment to your needs.

- **8" Heavy Duty Caster Kit-** Mobility option to move mixer over smooth surfaces.
- **Custom Conveyor Chute-** Media can be filled into large pots or sacks directly from the mixer using the chute to reduce overflow and direct media into the container with spillage.
- **Heavy Duty 10 HP Blend Motor-** The 10 HP HD motor provides especially strong blend capabilities for dense and excessively heavy ingredients.
- **Foot Pedal Conveyor Control-** To activate the conveyor remotely, the foot pedal control operates the output conveyor with a simple press. Very effective for filling applications.
- **Tow Package-** A great mobility solution for moving the mixer across the farm or nursery on rough terrain. Includes hitch and pneumatic tires for outdoor mobility.
