

Pack Manufacturing Company
HALF YARD MIXER COMBO

The Pack Manufacturing Mixer Combo is the perfect piece of equipment for growers with automated potting lines. Pack Mfg. provides a Mixer Combo option for every standard batch mixer we manufacture! Pack Mfg. Mixer Combos feature spiral ribbon blenders, adjustable central dump chute, direct drive transmissions, sealed bearings, and a five-foot integrated incline feed-out conveyor. Pack Mfg. Combo Mixers are typically configured to mix and feed automated equipment lines, so that there is no labor involved in transporting the mixed growing media. The Pack Manufacturing Half Yard Mixer Combo is the perfect piece of equipment for new growers or for your first foray into an automated equipment line. Increasing your production capabilities and decreasing your costs through automated container production with a Pack Manufacturing equipment line is one of the best investments you can make to grow your business. All Pack Manufacturing equipment can be customized to meet any need your business has.
